TOKEN AND MEDAL AUCTION #25

Closing Date November 21, 1978

BIDDING RULES

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.
2. Bids under \$10.00 will not be reduced.
3. In instances where there are duplicate lots, you may bid on an either/or basis and indicate a preference if you like.
4. You may establish an overall limit on your winnings by indicating your limit in the proper space on your bid sheet.
5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept returns when we are in error. On the other hand, we expect you to be responsible for your mistakes and so, the fact that you bid on the wrong lot, acquired the item "in the meantime" etc. are not legitimate excuses for returning an item.
6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. UPS delivery requires a street address. Bidders on the heavier medallic items are urged to give us their street address as UPS charges are often less than half that of the Postal Service.

Subscription to our next five Token and Medal Auctions with prices realized 3.75 _____

The catalogue which you have in hand cost us well over \$1.00 to prepare and mail. We ask that you share only a portion of this cost, if nothing more than to indicate that you are seriously interested in receiving it. This nominal fee is less than what many dealers ask for a copy of their prices realized list alone.

CONSIGNMENTS WANTED FOR FUTURE AUCTIONS

Of course, we are more than willing to purchase your material, but if you would rather go the auction route, there is no better place than PRESIDENTIAL. Our consignment fee is 20%. Settlement is made promptly 45 days after the close of the sale. Please write first with a description of the items you wish to consign. If you wish to sell outright, just ship for our fair offer. TRANSPORTATION TOKENS

The listing of transportation tokens that follows presents the collector with a unique opportunity to add many scarce and rare tokens to his collection. I do not believe that such an extensive selection has been offered at auction in many years.

I have always thought that transportation tokens were among the most undervalued of the popular token series. A few years ago, when Duane Feisel sold his collection and was asking ten times catalogue value, many would-be buyers balked at such high prices. Today, such a multiple is considered cheap for most census pieces; witness the prices in the 20-30x catalogue range we obtained for many of the pieces in the Fuld Maryland collection. Many of the tokens that follow are making their auction appearance for the first time in decades. I would encourage serious collectors to bid generously for their favorite pieces as this may be the only time they will be available until the distant future. Of course, your bid will be reduced to 10% over the second high bid.

This is the first time we have handled this token and the only other recent record I can find of one was a much inferior specimen run by Fuld several years ago which brought over \$100. This piece grades a strong VF/XF. A small planchet crack extends from the truncation of the bust to the rim. We're certain it will take more than \$200 to capture this piece. Plate

1859. PE-37. Daniel Webster. C.C. Wright, Sc. Struck in black hard rubber. XF. Julian states "There is no proof that this medal was struck in the Mint." The fact that it exists in hard rubber probably confirms this. There are two varieties of this medal that are distinguished by

the fluting of the column, in surmounting globe, in character and position of the buildings and lettering. The instant piece is the variety different than that pictured in Julian. Rare and desirable.
